

Feel free to talk with us whenever it suits you.

Our Chef Manager on site or our Regional Business Managers are always happy to listen to you and your ideas so if you want to talk, we're here to listen.

Your **FIRST** visit to our Restaurant

The school day is a busy one, throwing lots of challenges at you from every direction. To make sure you have the energy and brainpower to enjoy and succeed throughout your day, you need to eat well... that's where we come in!

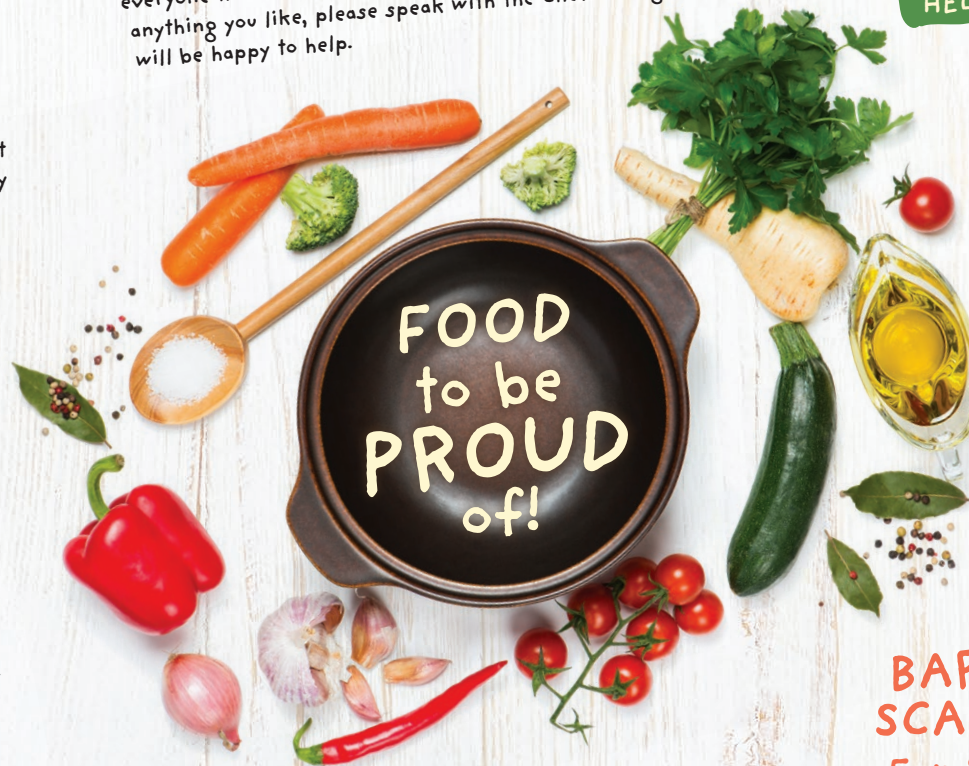

Join us in the restaurant to try our great selection of freshly prepared food. You'll be amazed at the choices on offer and it may take a little longer to choose on your first visit but you'll soon get used to the way things work... it's simple!

- * When choosing, don't forget to look out for our special offers and meal deals
- * Join the queue
- * Make your selection when you get to the service area
- * Check out through the tills
- * Have some fun and don't forget to get your payment method ready.

Covering **ALL** Tastes

Whether you are vegetarian, vegan, gluten-intolerant, 'spice-loving' or any other type of foodie, we have something for you. If you have any dietary requirements we will be happy to cater for your needs. We adapt our menus to suit you all as we know everyone has their own particular tastes - so if you don't see anything you like, please speak with the Chef Manager, who will be happy to help.

Food is at the heart of everything we do. We source responsibly and locally, where possible. Over 95% of the food we serve is prepared from scratch using fresh ingredients... daily sandwiches, main meals, bakery, salad bar to name a few. The menus we create are designed to provide you with the very best mix of contemporary, global and traditional flavours to enhance your dining experience, whilst providing well-balanced menus to help support a healthy lifestyle.

Shape **YOUR** Service

To keep you interested in our food, we feel it is critical to refresh and update our offers, and to involve you in our thinking, every step of the way. To ensure this happens, we run a scheme called 'Shape your Service'. This is an online survey where we ask you what you like and what you would like to see in the future. We use this information to gather comments and feedback and gauge how we are performing. Your feedback shapes who we are and helps us to innovate in your school.

DON'T BE SHY.
HELP US DELIVER THE SERVICE YOU WANT.

We are proactive with the feedback received and work with students, parents and the school to ensure a bespoke service where possible. If a particular area is raised, we explain how we will take your idea and develop it. So we want to hear from you, about your likes and dislikes and your ideas for the future.

FREE School Meals

We believe that Free School Meal allowances are a private matter, and have introduced till systems that recognise this without any one knowing other than you. So feel free to use your allowance at either break and/or lunch with total confidence of your anonymity.

BAR CODE SCANNING For Speed & Queue Management

Unique to Innovate we put barcodes on our grab and go products, which provide a much speedier transaction time often halving the queuing times and offering options for self-scanning similar to an experience in a supermarket.
