This demonstrates that attendance at Ash Manor School has been consistent for the last 3 years. PP attendance has increased on 2018-19's figures with the gap between whole school attendance and PP attendance narrowing slightly too – this is very positive news.</p>

B.	PP students' average P8 is 0.5 or better	<p>As part of steps taken to fight the spread of coronavirus (COVID-19), the Government announced that all exams due to take place in schools and colleges in England in summer 2020 are cancelled, and that it will not publish any school or college level educational performance data based on tests, assessments or exams for 2020. Therefore, it's not possible to judge whether PP students' average P8 is 0.5 or better.</p>																																																																																																						
C.	PP students leave Ash Manor School as adept communicators who read, write and speak to a high standard	<p>As part of steps taken to fight the spread of coronavirus (COVID-19), the Government announced that all exams due to take place in schools and colleges in England in summer 2020 are cancelled, and that it will not publish any school or college level educational performance data based on tests, assessments or exams for 2020. This is both for non-PP and PP students alike, and has been sustained since the beginning of last academic year. We aspire to push values even closer to '4' but nonetheless demonstrates that PP student attitudes and behaviours indicate a strong positive work ethic.</p>

E.	PP students leaving AMS have a carefully planned destination which they sustain	<p>At the moment, we are unaware of the Y11 students' destinations as many are still yet to have their interviews. In addition, we aren't able to get an informal idea as to their destination – in the past, we have attained information from the students whilst they have still been with us. Therefore, we will discover the post-16 destinations of our Year 11 students at their certificate evening in November 2020.</p>
