CAREERS INFORMATION

Ash Manor School provide a comprehensive careers programme across all year groups. As a school we recognise the importance of providing the best possible Careers Information, Advice and Guidance (CIAG).

INFORMATION FOR STUDENTS

Careers Information, Advice and Guidance (CIAG) starts in Year 7 and will continue throughout your school life here at Ash Manor. You will have lots of opportunities to help you develop skills you can use in the world of work and learn about different opportunities available; this will take the form of outside speakers, events, workplace visits and within your lessons.

As you move into Year 10 and Year 11 you will be supported to prepare for what you will do and where you will go after leaving school.

Please reference the Careers Programme PDF for further information.

INFORMATION FOR PARENTS

Our programmes are designed to give students insights into the world-of-work and offer the opportunity to develop transferrable skills that they can use in the workplace. The programme has been structured to be age appropriate and offer experiences during each year of their school life here at Ash Manor. A list of whole year group activities is shown in the Careers Programme PDF.

INFORMATION FOR EMPLOYERS

Ash Manor School works closely with local employers and employees to support work-related programmes including; enterprise days, interview practice, careers talks, mentoring and STEM activities.

If you would like to volunteer, support or sponsor any of our activities, please get in touch with Fleur Sanders via fsanders@ashmanorschool.com to discuss opportunities to get involved.

We'd also love you to get in contact if you are able to host a work experience placement in July for any of our Year 10 students or workplace visits.

IMPACT MEASUREMENT

To ensure the Careers Programme has the best outcomes for students, we use the following to measure and assess effectiveness of our provision:

- Questionnaires/Evaluations
- Surveys
- Governor Strategic Visit
- Career and Enterprise's Compass Tool
- Designated member of SSLT

USEFUL LINKS AND RESOURCES:

START – ONLINE CAREERS PROGRAMME

Choosing what to do once they have finished school can be difficult for students: which job is right for them and which course should they take? The amount of information out there is mind-boggling! Start is designed to provide students with information relevant to them and all in one place, so they can make better choices and decisions. This is free and can be accessed via the following link:

<http://website.u-explore.com/start/students/>

CAREER PILOT:

The following link provides guidance and support on what careers would be suitable for you as an individual. Careers Pilot offers an opportunity for students to explore future opportunities and what requirements are needed to reach their dream careers path. The website includes a variety of resources, including videos of past student experiences on how they got to where they are. Furthermore, there is also an opportunity for students to create their own accounts, which will create a task list for students to tick off, supporting with motivation and informed choices for Post-16 and 18 options.

Please follow the link attached to access Careers Pilot: <https://www.careerpilot.org.uk>

COLLEGES – USEFUL LINKS
